OCTOBER 1991 INDEX

SUBJECTS

Adjusting Sales
commercial property sales for favorable financing, 420–428
comparable sales for vinyl siding, 92–95

Aircraft noise
and residential property values, 96–110

Airports
and prescriptive easements, 471–478

Amenities
and location in determining apartment rents, 266–275

Appraisal (*see also* valuation)
FASB Concept Statement 2 in relation to appraisal reports, 319–327
issues of market value, 447–453, 454–457
laws that generate assignments, 513–518
the myth about, 212–220
narrative reports for corporate clients, 276–279
practices, 559–561
primer for a career in, 115–120
reviewing appraisals, 353–369

Band-of-investment
interrelationship of variables in, 261–265

Bankruptcy appraisals
protecting fee in, 501–503

Business value
and shopping mall development, 303–313

Capitalization techniques
cash flows affected by tax participations, 81–84
reasonableness of terminal rates, 253–260

Cash equivalency
estimation of, 420–428

Casinos
the casino industry, 179–190

Citrus orchards
appraising freeze-damaged, 198–204

Community size
and unit values for transition land, 458–470

Contaminated properties
and stigma, 167–172
audits for, 348–352
valuation of, 289–302 (July), 377–381

Corporate clients
view of narrative appraisal reports, 276–279

Cost approach
estimating external obsolescence in, 519–525

Convenants not to compete
appraisal of, 111–114

Credit crunch
and recession, 562–568
appraisal during, 447–453

Discount rates
for inflation, 533–540

Discounted cash flow analysis
analysis of positive and negative aspects, 314–318
and land in transition, 458–470
and terminal capitalization rates, 253–260
historical comparison with previous valuation methods, 328–337
mid-year versus year-end present worth factors in, 126–130

Easements
avigation and noise, 471–478
railroad, 504–512

Economic indicator
use in the sales comparison approach, 280–284, 573–574

Eminent domain
when "working rules" don't work, 429–435

Environmental issues
aircraft noise and property values, 96–110, 471–478
environmental audits as transaction safeguards, 348–349
environmental pollution and valuation issues, 289–302 (July)
impact of landfill on property values, 247–252
impact of public sewers on property values, 221–230
stigma of contaminated properties, 167–172
valuation of contaminated properties, 377–381
valuing high-amenity natural land, 48–53

Equity interests
of leveraged properties, 338–347

Ethics
pro bono appraisals, 556–558

European integration
and the London office market, 28–37
real estate opportunities, 415–419

Expected value
modified method, 121–125

Expert witness
appraiser's role as in zoning matters, 76–80

External obsolescence
market-wide, 519–525

Fair market value
and rail corridors, 504–512
in relation to oil and gas properties, 402–414

Favorable financing
adjusting commercial sales for, 420–428

Feasibility
and prescriptive easements, 471–478
comparative models, 519–525
external obsolescence as "negative," 519–525

Floodplains
appraisal of, 191–197

Expert witness
appraiser's role as in zoning matters, 76–80

External obsolescence
market-wide, 519–525

Fair market value
and rail corridors, 504–512
in relation to oil and gas properties, 402–414

Favorable financing
adjusting commercial sales for, 420–428

Feasibility
and prescriptive easements, 471–478
comparative models, 519–525
external obsolescence as "negative," 519–525

Floodplains
appraisal of, 191–197

Foreign investors
and institutional-grade properties, 164–165

Golf courses
valuation and evaluation, 38–47

Highest and best use analysis
comparing alternative land uses in, 21–27
prescriptive easements and, 471–478

Inflation
discount rates for, 533–540

Innocent landowner defense
and environmental audits, 348–352

International appraisal
dynamics of real estate and the European integration, 415–419
London office market, 28–37
Moscow real estate market, 153–163
valuing property in a world economy, 164–166

Land title acquisition
by limitation and good faith, 231–246

Landfills
impact of on surrounding property values, 247–252

Laws
generating appraisal assignments, 513–518

Leveraged properties
in relation to equity interests, 338–347

Liability
appraiser's role as expert witness in zoning matters, 76–80
concerns in covenants not to compete, 111–114
to parties with whom an appraiser is not in privity, 173–178
who may sue appraisers, 85–91

Linear appraisal models
comparison of estimation techniques for, 526–532

Location
and amenities in determining apartment rents, 266–275
defining location and its influences on value, 7–20

London
office market, 28–37

Low-income housing
and moderate-income housing in mixed-use developments, 54–70

Mixed-use developments
inclusion of low- and moderate-income housing in, 54–70

Modified expected value (MEV)
methodology, 121–125, 575

Mortgage interests
valuation of, 338–347
valuing lock-in, 541–550

Moscow
real estate market, 153–163

Natural land
valuation of high-amenity natural land, 48–53

Oil and gas properties
fair market value concepts for, 402–414

Partial interests
and oil and gas properties, 402–414

Planned-unit developments
inclusion of low- and moderate-income housing in, 54–70

Pollution
and valuation concerns, 289–302
stigma, 167–172
valuation solutions, 377–381

Present worth factors
mid-year versus year-end, 126–130, 438–439

Pro bono appraisals
need for, 556–558

Professional issues
appraiser's responsibility for objectivity, 447–453
appraiser's role as expert witness, 76–80
employment tax issues, 479–487
myth about appraisals, 212–220
primer for a career in real estate valuation, 115–120
pro bono appraisal, 556–558
protecting fee in bankruptcy appraisals, 501–503
reviewing appraisals, 353–369
suggestions on public speaking, 71–75

Public sewers
impact on commercial property values, 221–230

Public speaking
suggested approaches, 71–75

Rail corridors
and sale factors, 504–512

Real property rights
and excess value increment, 303–313

Review appraisals
the art of, 353–369

Right-of-Way
railroad, 504–512

Sales comparison
an alternative to for valuing freeze-damaged citrus orchards, 198–204
avoiding traps in valuation of storage and distribution facilities, 390–394
use of economic indicator in, 280–284, 573–574

Shopping malls
does mall development create business value, 303–313
operational items when valuing, 553–556
power centers and the retail environment, 382–389

Storage and distribution facilities
valuation by sales comparison, 390–394

Tax participations
capitalizing cash flows affected by, 81–84

Terminal capitalization rates
and reasonableness, 253–260, 575

Timber assessment
analysis of procedures, 205–211
valuation of cutover timberland, 395–401

Transit terminals
values, 436–438

Transition land
and discounted cash flow analysis, 458–470

Triple-net lease
expenses on, 551–553

Uniform Standards of Professional Appraisal Practice (USPAP)
and appraisal reporting, 319–327

Utility factors
used with modified expected value methodology, 121–125

Valuation
contaminated properties, 167–172, 289–302 (July), 377–381
floodplain properties, 191–197
golf courses, 38–47
high-amenity natural land, 48–53
involving prescriptive easements, 471–478
water rights, 488–500
storage facilities, 390–394
timber, 205–211, 395–401
under inflationary conditions, 533–540
water rights, 488–500
without comparables, 370–376

Vinyl siding
adjusting comparable sales, 92–95

Water values
and investment in the Southwest, 488–500

Zoning issues
and mixed-use developments, 54–70
appraiser's role as expert witness in, 76–80
prescriptive easements, 471–478
